

Leadership Explored

A 4 Module Leadership Development Programme
Designed as 4x3 hour facilitated conversations over 8 weeks

Programme Objectives

- Review, explore and discuss the concept of leadership in today's economy
- Understand why leadership is increasingly important in the 21st century workplace
- Explore the concept of leadership in individual participant work contexts – includes a review of vision, mission, values, behaviours
- Focus discovery for each individual participant of how to build, develop and improve leadership attributes and skills

Recommended Number of Participants:

Up to 6 leaders from an individual organisation, business, team, professional practice

Includes a pre-course personal assessment

Offered as a bespoke in-house programme

Who should attend:

Senior leaders in all business sectors; professional practitioners (medical, financial, legal etc); public sector senior and middle leaders; high potential middle leaders
